### Independent Auditors' Report

To the Board of Directors Hidalgo County Regional Mobility Authority

#### Report on the Financial Statements

We have audited the accompanying financial statements of Hidalgo County Regional Mobility Authority, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise Hidalgo County Regional Mobility Authority's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Hidalgo County Regional Mobility Authority, as of December 31, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 7 through 10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Hidalgo County Regional Mobility Authority's basic financial statements. The Schedule of Expenditures of Federal and State Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of Texas Uniform Grant Management Standards Chapter IV *State of Texas Single Audit Circular*, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal and State Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal and State Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 22, 2017 on our consideration of Hidalgo County Regional Mobility Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Hidalgo County Regional Mobility Authority's internal control over financial reporting and compliance.

McAllen, Texas March 22, 2017

As management of the Hidalgo County Regional Mobility Authority (the Authority), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the year ended December 31, 2016.

## **FINANCIAL HIGHLIGHTS**

- The Authority's net position grew by nearly \$5.2 million or 14%. This growth was expected and was due to the continued growth of vehicle registration fees, overweight permit fees, and conservative administrative operational costs.
- Capital assets grew by more than \$17.2 million or 21.7%. The majority of this increase was an increase in construction in progress.
- Capital grants received from the federal and state were \$4.7 million and \$80K in local funding.
- Additional funding was received in the amount of \$20 million in bond proceeds.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The financial section of this annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and the notes to the financial statements.

The financial statements provide both long-term and short-term information about the Authority's overall financial status. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

The Authority's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units on an accrual basis. Under this basis, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, and depreciation of assets is recognized in the statements of revenues, expenses, and changes in net assets. All assets and liabilities associated with the operation of the Authority are included in the statement of net position.

#### FINANCIAL ANALYSIS OF THE AUTHORITY

Net position may serve over time as a useful indicator of the Authority's financial position. In the case of the Authority, assets exceeded liabilities by roughly \$41.2 million at the close of the fiscal year ended December 31, 2016.

The Authority's condensed Statement of Net Position along with last fiscal year's balances are presented for comparison in the next table:

Authority's Net Position

Total net position	\$	41.2	\$ 36.0	

<sup>\*</sup>Reduction to construction in progress-prior year

By far the largest portion of the Authority's net position (\$41.2 million) is reflected in its net invested in capital assets, mainly in construction in progress, less any related debt used to acquire those assets that is still outstanding. The Authority will use these capital assets to provide services to users; consequently, these assets are not available for future spending. Although the Authority's investments in its capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Net position for debt service totaling \$1,113,518 represents resources that are subject to bond covenants. Unrestricted net position represents resources that can be used to finance day-to-day operations without constraints total \$7,613,648.

The Authority's condensed Changes in Net Position along with last fiscal year's numbers are presented for comparison in the table below.

Authority's Change in Net Position

Prior period adjustment		-		(3.9)
Net position - ending	\$	41.2	\$	36.0

Authority's net position increased by nearly \$5.2 million, mainly due to an increase in vehicle registration fees, overweight fees, and capital grants and contributions.

## **CAPITAL ASSET AND DEBT ADMINISTRATION**

#### **Capital Assets**

The Authority's investment in capital assets (net of accumulated depreciation) amounts to \$96.3 million. This investment in capital assets includes construction in progress only. The total increase in the Authority's investments in capital assets for the current fiscal year was \$17.3 million or 21.9%. The details of the change in capital assets from last year are reflected in the table below.

Additional information on the Authority's capital assets can be found in the Notes to the Financial Statements in this report under section II, subsection C-Capital Assets.

## **Long-Term Obligations**

At the end of the current year, the Authority had total contractually obligated long-term debt of \$78.2 million (not including unamortized premium activity). The details of the change in debt from last year are as indicated:

Table 4 - Dollars in thousands (not including unamortized activity)

	2016	2015
Bonds	\$ 78,275	\$ 59,380
	\$ 78,275	\$ 59,380

The net increased in long-term debt was \$18.9 million. This net increase was due to an additional bond liability in the amount of \$20 million less the principal retirement of the existing debt in the amount of \$1.1 million.

#### **ECONOMIC FACTORS AND NEXT YEAR**

- The continued growth of vehicle registration fees is expected.
- The continued growth of overweight permit fees usage is expected.
- Continued partnership with Texas Department of Transportation is expected.

All of these factors were considered in preparing the Authority's budget for the 2017 fiscal year.

## REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Authority's finances for all those with an interest in the Authority's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Hidalgo County Regional Mobility Authority, 118 South Cage Blvd. 4th Floor, Pharr, TX 78577.

## NOTE I - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. Reporting Entity

The Hidalgo County Regional Mobility Authority (Authority) is an independent governmental agency created in November 2005 pursuant with Chapter 370 of the Transportation Code. The Authority is governed by a seven-member Board of Directors (the Board) appointed by the Governor of the State of Texas and the Hidalgo County Commissioners' Court. The Board is responsible for setting policies, identifying priorities and ensuring the Authority is operated effectively. Board members, appointed to serve two-year terms, are volunteers and are not compensated for their service.

The Authority was created to be a proactive partner empowering the community to address congestion and mobility concerns through local means with local leadership. It was created to plan, develop, fund and maintain a transportation system to serve the estimated 1.5 million residents living in Hidalgo County by 2025. The Authority's mission is to develop a publicly owned transportation system that creates jobs through increased mobility and access, is locally funded for reliable delivery, pays for itself in terms of future maintenance and also funds new projects to meet the future transportation needs of Hidalgo County. In its petition to create the Hidalgo County Regional Mobility Authority, Hidalgo County identified the Hidalgo Loop System (the Loop System) as the initial set of projects to be developed under the guidance of the Authority. The planning for the Loop System was started in 2000 by Hidalgo County and the Hidalgo County Metropolitan Planning Organization. The Authority concluded its additional planning effort for the Loop System around the urban part of Hidalgo County in 2010. Based on this effort, the Authority identified 2 independent projects, the Trade Corridor Connector (TCC) and the International Bridge Trade Corridor (IBTC), that provide utility to County residents and together begin building the Loop System. Additional state aid through the Texas Department of Transportation and the addition of a potential third project, the La Joya Relief Route, has required the Authority to re-examine the initial projects. A five-year Strategic Plan approved in March 2012 emphasizes the Authority's efforts to begin development of the Loop System projects, which prioritize State Highway 365 (formerly TCC), the International Border Trade Corridor, and State Highway 68 (formerly Segment D).

The Authority is not included in any other governmental "reporting entity" as defined by GASB Statement No. 14, "The Reporting Entity." There are no component units included within the reporting entity.

## B. Basis of Accounting

The financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

## NOTE I - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

## B. Basis of Accounting – (Continued)

The operations of the Authority are accounted for within a single proprietary (enterprise) fund on an accrual basis. The accounting and financial reporting treatment applied is determined by measurement focus. The transactions of the Authority are accounted on a flow of economic resources measurement focus.

The financial statements of the Authority measure and report all assets, liabilities, revenues, expenditures, and gains and losses using the economic resources measurement focus and accrual basis of accounting.

Under this basis, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, depreciation of assets is recognized and all assets and liabilities associated with the operation of the Authority are included in the Statement of Net Position. Operating expenses include the cost of administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

## C. Cash, Cash with Fiscal Agent, and Investments

Cash and cash with fiscal agent include cash on hand, demand deposits, and cash held by a third party for prepaid overweight permit fees (ProMiles Software Development Corp.). These deposits are fully collateralized or covered by federal deposit insurance.

Investments are reported at fair value. The net change in fair value of investments is recorded on the statements of revenues, expenses and changes in net assets and includes the unrealized and realized gains and losses on investments. The Authority's major investments are held by a third party, Wilmington Trust, per bond covenants.

## D. Capital Assets

All capital assets at year-end represent capitalized costs for legal, consulting and engineering relating to advance planning on the Loop projects, which prioritize State Highway 365 (formerly TCC), the International Border Trade Corridor, and State Highway 68 (formerly Segment D). Depreciation and amortization on construction in progress will not begin until the project is operational.

#### E. Restricted Assets

Proceeds of the Authority's bonds and certain resources set aside for their repayment are classified as restricted assets on the Statement of Net Position because their use is limited by applicable bond covenants. These restricted assets are held and disbursed by Wilmington Trust, fiscal agent.

## NOTE I - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### F. Receivables

All receivables are shown net of allowance for uncollectible balances. The allowance is based on historical activity and there is currently no amount identified as uncollectible.

## G. Classification of Operating and Non-operating Revenues and Expenses

The Authority defines operating revenues and expenses as those revenues and expenses generated by a specified program offering either a good or service. This definition is consistent with GASB Statement No. 9 which defines operating receipts as cash receipts from customers and other cash receipts that do not result from transactions defined as capital and related financing, non-capital financing or investing activities.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the Authority's policy is to first apply the expense toward restricted resources, and then towards unrestricted resources available for use.

#### H. Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### I. Personnel Liabilities

The Authority does not have any employees nor any personnel liabilities; the employees who perform operating activities for the Authority are loaned to the Authority by the City of Pharr, TX. All personnel reside with the City of Pharr. Actual costs incurred by the City of Pharr are reimbursed by the Authority.

#### J. Income Taxes

The Authority is an instrumentality of the State of Texas. As such, income earned in the exercise of its essential government functions is exempt from state or federal income taxes. Bond obligations issued by state and local governments are tax-exempt only if the issuers pay rebate to the federal government of the earnings on the investment of the proceeds of a tax-exempt issue in excess of the yield on such obligations and any income earned on such excess.

## NOTE I - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

## K. Bond Premiums, Discounts, and Issuance Costs

The Authority amortizes premiums and discounts over the estimated useful life of the bonds as an adjustment to capitalized interest using the straight-line method. Bond issuance cost is expensed as incurred, in accordance with Governmental Accounting Standards Board ("GASB") Statement No. 65 "Items Previously Reported as Assets and Liabilities."

## L. Rounding Adjustments

Throughout this annual financial report, dollar amounts are rounded, thereby creating differences between the details and the totals.

## NOTE II - DETAILED NOTES ON THE AUTHORITY'S ACTIVITY

#### A. Cash and Investments

Plains Capital Bank maintains the Authority's deposits for safekeeping and secures the funds with pledged securities in an amount sufficient to protect the Authority's funds, currently at 103% of unsecured deposits. The pledge of securities is provided in excess of the deposits above the Federal Deposit Insurance Corporation ("FDIC") insurance. At December 31, 2016, the Authority's deposits were entirely covered by federal deposit insurance or were secured by collateral held by the Authority's agent in the Authority pursuant to the Authority's Depository Agreement with Plains Capital Bank. At December 31, 2016, the carrying amount of all of the Authority's deposits was \$140,231.

The Authority has investments that are unrestricted and restricted. The unrestricted investments are the funds not legally restricted for a specific purpose and are invested in TexSTAR and LOGIC Investment Pools. The Authority's restricted investment is from funds received from the issuance of debt and restricted by bond covenants for a specific purpose. Wilmington Trust is the fiscal agent for the Authority who is authorized to invest the restricted funds, which are currently invested in TexSTAR Investment Pool.

Investments at fair value as of December 31, 2016 are presented in the following table:

Investment Maturities (in Years) at the end of December 31, 2016

	<u>I</u>	Fair Value	_ <u>L</u>	ess Than 1	1	-2	2	-3	3-	-4

## NOTE II - DETAILED NOTES ON AUTHORITY'S ACTIVITY - (Continued)

## A. Cash and Investments – (Continued)

## Interest Rate Risk

Interest rate risk is the risk that the changes in interest rates will adversely affect the fair value of an investment. Interest rate risk may be mitigated by investing operating funds primarily in shorter term securities, money market funds or similar investment pools and limiting the average maturity of the portfolio. At year end, the Authority was not exposed to interest rate risk.

#### Credit Risk

Credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligation. As of December 31, 2016, the investments in the State's investment pools were rated AAAm by Standards and Poor's.

#### Custodial Credit Risk

Deposits and investments are exposed to custodial credit risk if they are not covered by depository insurance and the deposits and investments are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the Authority's name.

The Authority has a process of maintaining contact with the trust department of its depository bank to eliminate all custodial credit risk. Once a need for an increase in collateral is identified the trust department adjusts the collateral amount accordingly. As of December 31, 2016, the Authority's bank balance was not exposed to custodial credit risk and was over-insured and over-collateralized via Plains Capital's investment in federal securities held by a third party in the name of the Authority to cover the amount of deposits over the FDIC collateral.

#### Concentration of Credit Risk

The Authority's investment holdings at December 31, 2016 were strictly confined to TexSTAR and LOGIC. The investment policy is silent in the concentration of holdings in the various types of securities and investments.

#### B. Unearned Revenue

The Authority reports unearned revenue in connection with resources that have been received, but not yet earned. As of December 31, 2016, the Authority's unearned revenues were \$10,900. These unearned revenues are due to prepayments by customers who purchase commercial truck overweight permits. The third party who is acting as the Authority's fiscal agent is Promiles, the company that owns the software that is used for online overweight permit purchases.

#### 3. Arbitrage

In 2013, the Authority issued long-term debt for capital construction projects. These bonds are subject to arbitrage regulations. Arbitrage regulations call for the return of the difference in interest revenue against interest expense. At December 31, 2016, there was no liability of arbitrage that would have been owed to the federal government.

## F. Finance-Related Legal and Contractual Provisions

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures," violations of finance-related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

<u>Violation</u>	Action Taken
None	Not applicable

## NOTE II - DETAILED NOTES ON AUTHORITY'S ACTIVITY - (Continued)

## G. Prior Period Adjustment

A segment of the US 281 project is being constructed by the Authority for the Texas Department of Transportation (TxDOT), a state agency. Once completed, TxDOT will retain ownership to the roadway and will be responsible for maintenance. Costs associated with engineering and right-of-way acquisitions for this project were capitalized in prior years. A prior period adjustment of \$3,974,914 was recorded to reduce construction in progress previously capitalized.

#### III. OTHER INFORMATION

## A. City Contributions

In 2012, the Authority adopted the 2012-2017 Strategic Plan – Program Manager Strategy No. 8, which included the International Bridge Trade Corridor and State Highway 68 projects. The Authority requested partnership with several cities in the form of Interlocal agreements to assist in paying for the preparation of the projects. The cities and the terms of the Interlocal's are reflected as follows:

City	Years	\$ Amount/Yr		
Alamo	10	\$ 15,000		
Donna	10		25,000	
Edinburg	10		25,000	
Pharr	10		25,000	
San Juan	10	15,000		
		\$	105,000	

This agreement is subject to an annual budget appropriation by the City. In the event the funds are not appropriated, the City is under no obligation to provide funds. For the year ended December 31, 2016, actual collections from city contributions totaled \$80,000.

## B. Litigation

The Authority was not a defendant in any lawsuits at December 31, 2016.

## III. OTHER INFORMATION- (Continued)

## C. Construction Commitments

At December 31, 2016, the Authority had remaining construction commitments:

Project	_A	Authorization		Expended		Remaining
Program management	\$	\$ 18,204,751		\$ 14,770,861		3,433,890
Engineering/surveying		22,758,263		19,054,594		3,703,669

	\$	61,551,975	\$	41,446,137	\$	20,105,838

This table is not meant to reconcile to the balance of construction in progress. This table consists of current construction commitments pending, prior construction commitments have already been completed yet have not resulted in a fully operational asset, therefore no depreciation of construction commitments previously paid is recognized.

## D. Impairment of Assets

The Authority reviews the carrying values of assets for impairment whenever events and circumstances indicate the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use the eventual disposition. In cases where undiscounted expected cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying values exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and other economic factors. The authority recorded no impairments for the year ended December 31, 2016.

#### E. Letter of Credit

As of December 31, 2016 the authority has not drawn upon the letter of credit, which has been issued in the maximum amount of \$50,000 with interest of 1% with Plains Capital Bank.

## F. Major Vendors

Two vendors accounted for 23% and 10%, respectively, of vendor payments for the year ended December 31, 2016.

## III. OTHER INFORMATION- (Continued)

## G. Subsequent Events

The Authority has evaluated subsequent events through March 22, 2017, which is the date these financial statements were available to be issued. All subsequent events requiring recognition as of March 22, 2017, have been incorporated into these financial statements herein.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Hidalgo County Regional Mobility Authority

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Hidalgo County Regional Mobility Authority, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise Hidalgo County Regional Mobility Authority's basic financial statements, and have issued our report thereon dated March 22, 2017.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Hidalgo County Regional Mobility Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Hidalgo County Regional Mobility Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Hidalgo County Regional Mobility Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Hidalgo County Regional Mobility Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We reported certain other matters that we reported to management of the Authority in a separate letter dated March 22, 2017.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
Hidalgo County Regional Mobility Authority

#### Report on Compliance for Each Major Federal Program

We have audited Hidalgo County Regional Mobility Authority's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Hidalgo County Regional Mobility Authority's major federal programs for the year ended December 31, 2016. Hidalgo County Regional Mobility Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Hidalgo County Regional Mobility Authority's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Hidalgo County Regional Mobility Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Hidalgo County Regional Mobility Authority's compliance.

#### Opinion on Each Major Federal Program

In our opinion, Hidalgo County Regional Mobility Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2016.

#### Report on Internal Control over Compliance

Management of Hidalgo County Regional Mobility Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Hidalgo County Regional Mobility Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Hidalgo County Regional Mobility Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

# HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS FOR THE YEAR ENDED DECEMBER 31, 2016

#### General

The accompanying Schedule of Expenditures of Federal and State Awards (SEFSA) present the federal and state grant activity for the Hidalgo County Regional Mobility Authority (the Authority) for the year ended December 31, 2016. The reporting entity is defined in Note I.A to the Authority's financial statements. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the State of Texas Single Audit Circular. Because the SEFSA presents only a selected portion of the operations of the Authority, it is not intended and does not present the financial position, changes in net assets, or cash flows of the Authority.

#### **Basis of Presentation**

The accompanying Schedule of Expenditures of Federal and State Awards is presented using the modified accrual basis of accounting, which is described in Note I.B of the Authority's notes to the financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and State of Texas Single Audit Circular, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Federal grant funds are generally considered earned to the extent expenditures made under the provisions of the grant are made. The Authority has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

#### Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedule may not agree with the amounts reported in the related Federal and State financial reports filed with the grantor agencies because of accruals made in the schedule which will be included in future reports filed with agencies.

#### Reconciliation of Schedule of Federal and State Awards to Comprehensive Annual Financial Report

The following is a reconciliation of the Schedule of Expenditures of Federal and State Awards (SEFSA) to the Statement of Revenues, Expenses, and Changes in Net Position within the Hidalgo County Regional Mobility Authority's Annual Financial Report:
